

EZCast Pocket

Plug and Play on the go!

Simply plug and play without installing any apps or using Wi-Fi network.

Watch everything on a bigger screen and enjoy direct connection with the transmitter and receiver kit.

EZCast Pocket

Wireless Display Transmitter + Receiver

Screen Mirroring

Full HD Transmission

USB-C or HDMI Transmitter

Type-C/HDMI interface

Provide two versions for different scenarios. Use USB-C transmitter on mobile devices; HDMI transmitter on PCs or set-top boxes.

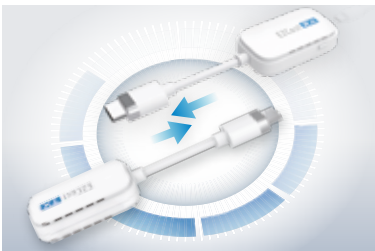

Plug and play

Simply plug in and you are all ready. Enjoy immediate connection without any other setup.

Pocket size

40g each, portable and lightweight, making it easier to mirror and cast your screen on the go.

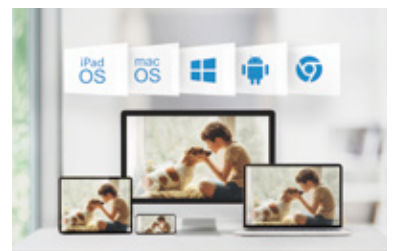

Simple setup

No app installation and Wi-Fi network needed. Fast and straightforward.

Mirror or Extend Mode

Mirror contents to a TV or extend works to another screen. Multitask wirelessly like a pro.

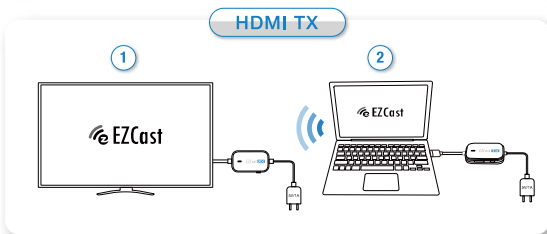

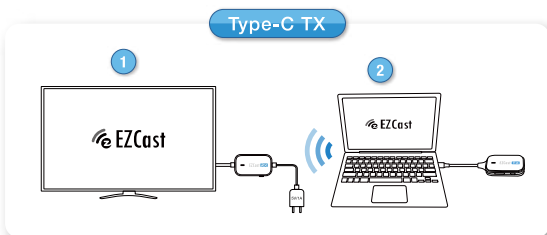

Impressive Compatibility

Watch your favorite videos, games or presentations from all popular devices.
