# EZCast Mate 2

HDMI Wireless Display Transmitter + Receiver

Screen Mirroring

Full HD Transmission

HDMI versions

### Make HDMI Wireless

Get rid of cables and limitations. Mirror your screen wirelessly with the HDMI transmitter and receiver kits.

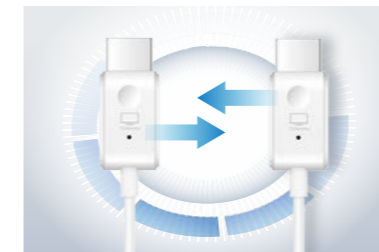

### Plug and Play

Simply plug in and you are all ready. Enjoy immediate connection without any other setup.

### Compact and Neat

The transmitter and receiver look exactly like a cable, making it portable and easy to store.

### Plug and Play

No app installation and Wi-Fi network needed. Fast and straightforward.

### Mirror or Extend Mode

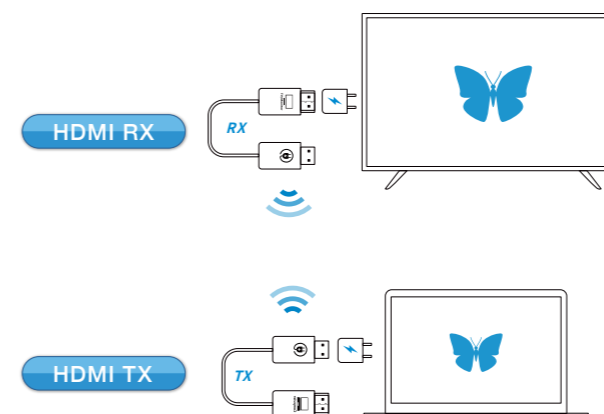

Mirror videos to a TV or extend works to another screen. Multitask wirelessly like a pro.

### Impressive Compatibility

Watch your favorite videos, games or presentations from all popular devices.
